| Team ID       | Team – 592460   |
| Project Name  | Crime Vision: Advanced Crime Classification Using Deep Learning |
| Maximum Marks | 4 Marks   |

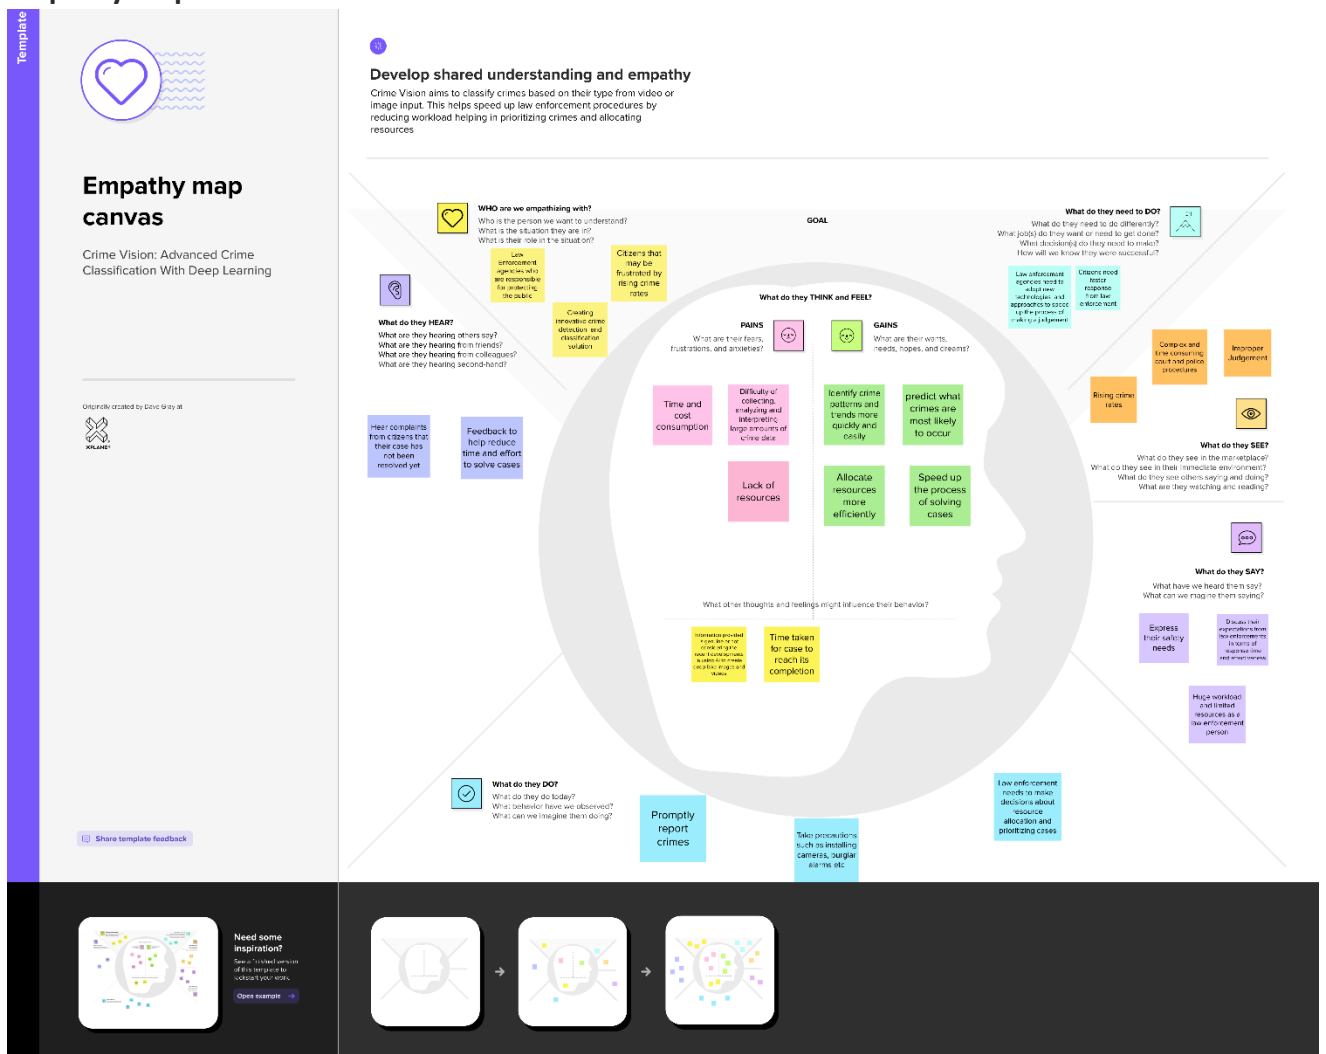

## Empathy Map Canvas:

An empathy map is a simple, easy-to-digest visual that captures knowledge about a user's behaviours and attitudes.

It is a useful tool to helps teams better understand their users.

Creating an effective solution requires understanding the true problem and the person who is experiencing it. The exercise of creating the map helps participants consider things from the user's perspective along with his or her goals and challenges.
